SUMMARY

Aspiring Frontend Developer with a strong foundation in ReactJS and modern web technologies. Passionate about building interactive UIs and solving real-world problems through clean code and design.

EDUCATION

Artificial Intelligence and Machine Learning , Aditya College of Engineering   Sep 2023 - May 2027
CGPA: 8.52

SKILLS

Languages	HTML5, CSS3, JavaScript, Java
Frameworks/Libraries	ReactJS, Tailwind CSS, ExpressJS, Node.js
Tools	Git, GitHub, VS Code, IntelliJ IDEA
Databases	MongoDB (NoSQL), Oracle SQL
Soft Skills	Time Management, Teamwork, Communication, Problem Solving, Accountability

PROJECTS

Gift Store - HTML5, CSS3, JavaScript, ReactJS, Tailwind CSS   GitHub

- **UI Design:** Designed and implemented an interactive user interface with advanced hover effects to enhance the user experience.
- **Data Integration:** Retrieved and displayed dynamic product data from the "Regalo Gift Store" database. .
- **Frontend Development:** Leveraged ReactJS library to create a responsive and modern UI, ensuring seamless functionality

Bus Details - HTML5, CSS3, JavaScript, ReactJS, Tailwind CSS, JSON   GitHub

- **Search Functionality:** Developed a search feature to retrieve and display bus details efficiently
- **Data Integration:** Retrieved data from GitHub and utilized it to solve real-life problems related to bus information.
- **Frontend Development:** Implemented ReactJS to customize and enhance features for improved user interaction.

Food Delivery Web App - React.js, Node.js, Express.js, MongoDB, JWT, Multer   GitHub

- **Key Features:** Developed role-based dashboards for vendors and admins, implemented secure authentication using JWT and Bcrypt, enabled CRUD operations for products with image support, and added category and offer-based product filtering.
- **Customer Features:** : Enabled users to browse restaurants and menus, filter items by category or type (Veg/Non-Veg), add items to cart, and place orders seamlessly. .
- **Key Implementations:** Implemented JWT authentication for secure login, role-based routing and access control, and RESTful APIs for seamless frontend-backend integration.

CERTIFICATIONS

- Oracle Java Fundamentals.
- Udemy Colt Steele Web developer Bootcamp.
